 160 Ledger Building, New York City.

GREENBACKS
Government Money.
 The close of our Civil War in 1865, as appeared in the London Times following:
 "If that mischievous financial policy which had its origin in the North American Republic during the late War in that country, should be indulged down to a fixture, that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will be the prosperous beyond precedent history of civilized nations of the world. The brain and wealth of countries will go to North America. AT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THE GLOBE."
 The famous Hazzard circular, to specialists in New York, and the Buell circular to United States Bankers, both emanating from London, and fabulous corruption fund raised in London and Germany, estimated at \$20,000,000, were the agents that set the closing of our mints against the "walk into my parlor" policy of England, during and since the Civil War, is the latest evidence of English Diplomacy in shaping the policy of the United States Government.
 Withstanding the famine price of wheat, the Spanish War, and fabulous expenditures of money by our government during the past year, gold increased in value eleven per cent. All other values decreased in the same proportion.
 A thorough understanding of the money question, or silver issue, Cincinnati Enquirer has uniformly evidenced of its ability to teach, and produce all facts and figures. It is a paper that ought to be read by all classes with pleasure and profit.

Hotel Henderson,
 new and first class in all. Excellent sample rooms. Price unequalled in the city. On Double Car Line.

DRS. K. & K.
 The Leading Specialists of America
 20 YEARS IN OHIO.
 250,000 Cured.

WE CURE STRICTURE
 Thousands of young and middle-aged men are troubled with this disease. It is incurable unless treated by the new method. We cure it without pain, without stopping work, and without any danger. We cure it in 10 to 15 days. We cure it in 10 to 15 days. We cure it in 10 to 15 days.

WE CURE GLEET
 Thousands of young and middle-aged men are having their sexual vigor and vitality continually sapped by this disease. They are frequently unconscious of the cause of these symptoms. General Weakness, Unnatural Discharges, Failing Manhood, Nervousness, Poor Memory, Irritability, at times Smarting Sensation, Stinking Eyes with dark corners, Weak Back, General Depression, Loss of Ambition, Varicocele, Shrunken Parts, etc. GLEET and STRICTURE may be the cause. Don't consult family doctors, as they have no experience in these special diseases—don't allow Quacks to experiment on you. Consult Specialists, who have made a life study of Diseases of Men and Women. Our NEW METHOD TREATMENT will positively cure you. One thousand dollars for a case we accept for treatment and cure. Terms moderate for cure.

CURES GUARANTEED
 We treat and cure EMISSIONS, VARICOCELE, SYPHILIS, GLEET, STRICTURE, IMPOTENCY, SECRET DRAIN, UNNATURAL DISCHARGES, KIDNEY AND BLADDER TRICKS. CONSULTATION FREE. BOOKS FREE. If unable to call, write or send a QUESTION BLANK for HOME TREATMENT.

TRIMBLE WINS.
 Nominated by a Big Majority Is Now The Ranking Officer Of The United States Navy.
 Washington, Dec. 29.—Admiral Dewey is now the senior officer of the American navy, having reached that position without congressional action through the retirement Sunday last of Admiral Bunce. He will continue to hold that distinction until the 26th of December next year when he will go upon the retired list unless Congress excepts him from the operation of the law, and after making him Admiral of the navy, provides that he may hold that office in active service without age limitation.
 The primary passed off very quietly, Trimble carrying nineteen out of twenty-three precincts in the county. His majority in the precincts heard from is 515, and the official returns will raise this to about 750.
 Trimble's nomination for re-election places him in line for the Speakership of the next House, for which he was a candidate two years ago.

COUNTERFEITING CHARGED.
Walter Brannum and Newt. Morgan Arrested in Kentucky.
 Russellville, Ky., Dec. 29.—Walter Brannum and Newt. Morgan were arrested in Todd County by United States Deputy Marshal Dixon and brought here to-day and lodged in jail on a charge in jail on a charge of counterfeiting. Morgan was caught in the act of passing counterfeit dollars, and when arrested had a pocket full of dollars, half dollars and nickels, all of which were very poor imitations. It appears that Brannum, who is a brother-in-law of Morgan's, was manufacturing the coin, while Morgan was used to work it off. At Brannum's house was found a large quantity of metal and all of the implements necessary to carry on the business.

Was It Our Hugh?
 Hugh Campbell, a guest of the Southern Hotel, distributed gifts among the employees of the hostelry with princely generosity Sunday. He bestowed between \$300 and \$400 among chambermaids, bellboys, elevator conductors and waiters.
 Mr. Campbell presented a unique toy to one of his relatives Christmas. It was especially made for him and cost \$4,000. A St. Louis firm imported a miniature sleigh of solid silver for him and inserted an intricate mechanism to make two reindeers automatically pull the sleigh, in which a tiny Santa Claus was seated. These reindeers were covered with natural hair and rubies for eyes. The Santa Claus has on a full dress suit, even to diamond studs and link cuff buttons. When a spring is wound up the reindeers move.—Post Dispatch.

An Old Man's Darling.
 Prestonburg, Ky., Dec. 27.—A wedding was solemnized in this county Saturday, the contracting parties, William Day and Minnie Williams, being aged, respectively, eighty-two and seventeen years.
 The bridegroom is a wealthy farmer living on Beaver Creek, where he owns a large farm. The bride is remarkably pretty.

The actual sinking of the Merrimac is described by Lieut. Hobson in the January Century, the plans and preparations having been detailed in the December number. The article is abundantly illustrated, and every word is intensely interesting, a climax being reached in the simplest possible way, by telling the story with absolute directness. Though no attempt is made to adorn or over-emphasize the tale, there are touches, here and there, that show a hand not unskilled in the art of expression.
 The Ledger Monthly for January has on its cover one of our glorious American girls in modern hunting costume—red coat and Derby hat—holding in her left hand overhead, the fox's brush and a riding-whip, and in her right hand a hunter's horn, which winds itself over her shoulder, its yellow hues sitting off the hunting-coat. The title is, "First at the finish," and the attitude of the superb figure is one of triumph.
 A library association is being organized by the literary folk of Bardonia.

REAR ADMIRAL DEWEY.
 Is Now The Ranking Officer Of The United States Navy.
 Washington, Dec. 29.—Admiral Dewey is now the senior officer of the American navy, having reached that position without congressional action through the retirement Sunday last of Admiral Bunce. He will continue to hold that distinction until the 26th of December next year when he will go upon the retired list unless Congress excepts him from the operation of the law, and after making him Admiral of the navy, provides that he may hold that office in active service without age limitation.

WORLD OVER.
 Miss Annie Boyd, of Washington, Ind., ran a little splinter into her thumb. She died a week later of lockjaw.
 A child laboring under the shoulder-breaking name of John Alexander Marshall Patrick Henry MacLeod Thistle-down Larekon Hurt lives in Belton.
 The court has granted the widow of dead Senator Leland Stanford, order for final distribution among the large estate.
 The champion basket ball team of the Henderson Y. M. C. A. was defeated in a match game with the last Tuesday night.

Messrs. Robt. Thompson, H. S. Harned, J. W. Sico, Albert King, and David Codkendelpher have been named to supervise the Nelson county tax books for 1899.
 One of the best things ever printed in the Sandy Herald, that breezy little mountain sheet, was the article on the "Country Correspondent," by "Stump Bolds," in last week's issue.
 It having been decided to levy a house or hut tax of five shillings on each owner in Sierra Leone, the natives are pulling down their huts and living under trees rather than pay it.
 Another matrimonial alliance, novel because of the names of the contracting parties, is reported in a Kentucky paper. Thos. Mossy married Miss Elder Fakes. Think of the announcement. "Mossy-Fakes."

Eclipses.
 In 1899, there will be five eclipses—three of the sun and two of the moon—as follows:
 A partial eclipse of the sun, January 11, visible in Alaska, Kamtschatka, Japan, and in the northern Pacific ocean.
 A partial eclipse of the sun, June 7, visible in western and northern Europe, Asia, Alaska and Greenland.
 A total eclipse of the moon, June 22, visible in Asia, Australia, Africa, the extreme western coast of North America.
 Annular eclipse of the sun, Dec. 2nd, visible near the South Pole, in Australia and in New Zealand.
 Partial eclipse of the moon, Dec. 16, visible in North and South America, Europe, Asia and Africa.
 The partial eclipse of the moon Dec. 16, will be the only eclipse visible in this section during 1899.

Married Woman Ruled Out.
 The life insurance companies doing business in Canada have agreed hereafter not to accept risks on the lives of married women, unless they happen to be the bread winners of the family or in other words, wholly independent of their husbands. The decision has been made with a view to checking the crime of murder for insurance.
 It is horrible to contemplate the ultimate result of the present competitive social system, when, for the sake of individual gain, plots of murder have found their way into the family fireside, but nevertheless it is no doubt true, otherwise the life insurance companies would not hesitate to accept risks on married women's lives if were not a losing game. The big corporations are not noted for having any conscience in business.—Gleaner.

Kennedy Items.
 Kennedy, Dec. 31.—I. B. Fort's little child, three months old, died last night of pneumonia.
 Mr. Ben Shaw, a prominent farmer, is seriously sick with the same disease.
 Mrs. G. W. Royster, jr. left to-day for a visit to Virginia.

"Oh, Prudence, Me!"
 At some time in her life, every woman has a "Prudence" moment, and when that time comes it is a woman's duty to think twice before she answers. She should think once for herself, and once for the man who has chosen her for his life companion.
 If she is suffering from a torturing, dragging weakness or disease so prevalent with her sex, she has no right to answer "Yes" until her health is restored. If she does, she will be a wretched and ill herself and her home will be an unhappy one. Dr. Pierce's Favorite Prescription is a scientific remedy that cures all weakness, disease, disorder and derangement of the delicate and important feminine organs. It is not a "cure-all," but a medicine devised to correct this one class of disorders and no other. It has accomplished its purpose in tens of thousands of cases, as is shown by tens of thousands of testimonials of the grateful patients themselves. It imparts vigor and vitality to the entire womanly organism, and is the best of all nerve tonics and restoratives. It fits for wifehood and motherhood. It transforms weak, nervous, despondent invalids into healthy, happy women.
 "I was so weak I could scarcely walk about the house," writes Mrs. M. Stacey, of Allen's Creek, Amherst Co., Va. "Was reduced to a mere skeleton. I was never free from pain in the back and head and could not sleep at night. I bought three bottles of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and two vials of 'Pleasant Pellets.' After taking these six weeks I felt like a new person—slept well and gained in flesh. I am doing my own housework and we have nine in the family."
 A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."

Agricultural Experts.
 It is gratifying to learn from recent statement published by the Treasury Bureau of Statistics that during the past 10 months outside nations have consumed an unusually large amount of our food products. The report shows that the value of exported breadstuffs alone amounted in the period mentioned to \$250,237,456. This is \$65,000,000 in excess of the corresponding month of last year and \$38,000,000 larger than in 1892, which made an exceptionally favorable showing in this line of exports.

The record of provision exports during the 10 months ending October 31, 1898, shows a total of \$162,830,633, as against \$146,697,039 for the same period last year and \$123,508,000 in 1892.
 Export of cotton for the past 10 months have been larger than ever before during the same length of time.
 One of the most encouraging features of the report is the increased demand for American corn. It has been shipped to all countries of Europe, and vast quantities to the Central and South America States and Mexico, indicating that the use of American corn meal is growing in favor among all classes of foreign consumers.
 These statistics show that the farmers of the country are reaping a profitable share of the trade expansion that has been gradually enlarging for several months despite the handicap of Dingleyism. They will not, however, reap the full measure of profit out of the situation until the removal of the tariff tax placed upon them by the Republican party enables trade to reach its natural proportions.

Tetter, Salt Rheum and Eczema.
 The intense itching and smarting incident to these diseases is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 35cts. per box.

DR. CARY'S CONDITION POWDERS, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 25 cents per package. For sale by R. C. Hardwick, druggist.

Elder W. F. Rogers has resigned the pastorate of the Hodgenville Christian Church, much to the regret of that congregation.
La Grippe Successfully Treated
 "I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first, but for the use of his remedy as I had to go to bed in about six hours after being struck with it, while in the first case I was able to attend to business about two days before getting 'down.'"
 For sale by R. C. Hardwick, Druggist.
